## HS2 Works Notification: Full weekend road closures, A421, Finmere

Work item: HS2-MW-EK-Ph1-Ar-Ce-C2-Traf-38-04/05/2022

### Project Phase

Phase 1

### Region

Oxfordshire

### Location

Finmere, Mixbury

### Contractor

EKFB JV

### Type of works

Haul road construction, Plant crossing, Road closure

### Estimated Start Date

20/05/2022

### Estimated End Date

30/06/2022

## What we are doing

In order to avoid using local roads during the main construction works, we will be using the internal haul and access roads for our construction traffic. To connect our internal roads either side of the A421, we will be installing a temporary bridge over the A421.

The assembly and installation of the bridge will require large plant and machinery, such as cranes, working directly in the middle of the carriageway and so we will need to fully close the road to complete the works. During these closures, we will also be carrying out preparations for the water connections to our compound on the north side of the A421.

Our works will require us to fully close a section of the A421 near Finmere, 24-hours a day. To reduce disruption as much as possible and avoid closing the A421 during the week, these works will be spread over five weekends.

A section of the A421 will be fully closed 24-7 over the following weekends:

Weekend 1 – 8.00pm Friday 20 May to 6.00am Monday 23 May

Weekend 2 – 8.00pm Friday 27 May to 6.00am Monday 30 May

Weekend 3 – 8.00pm Friday 10 June to 6.00am Monday 13 June

Weekend 4 – 8.00pm Friday 17 June to 6.00am Monday 20 June

Weekend 5 – 8.00pm Friday 24 June to 6.00am Monday 27 June

There will be a diversion in place for these works via the A4421 and A43.
